Harmonious look with weinor PergoTex II VertiPlus

weinor PergoTex II,
honoured with:

**This is how top design
works!**

- Pergola awning
- + Vertical awning
- + Design faceplate

- = weinor PergoTex II VertiPlus

Without design faceplate: The vertical awning's cassette corners and rails are visible.

With design faceplate: The weinor PergoTex II VertiPlus version looks seamless.

Dress it up attractively!

Get more out of your pergola awning!

Would you like to combine your weinor PergoTex II pergola with the square version of the beautifully designed VertiTex II zip 112 vertical awning? Then weinor's PergoTex II VertiPlus is just the right solution! With this version, a design faceplate on the pergola awning's frame conceals the vertical awning's rails and cassette corners. The result: a little change with great effect! The design faceplate is available in the same frame-work colour, ensuring that the whole finished product has a harmonious look.
